LIFE AT COLLEGE MODERNE KASSERE

My name is Steven, i am twelve, and i am a pupil.

My school is college modern Kassere. It's a small town located in northern Ivory coast. It's a very well organised school. In kassere, we always line up before entering classrooms. It is not permitted to come **late** at school. When you come late, the educators punish you. It's recommended to work hard at school.

So you must revise your lessons before going to bed. You must also **listen to** your teacher carefully when you are in classroom.

Top students always **go up**, and weak student always **stay down** or repeat their classes. At the end of the academic year, the teachers give us our reports. In the report, we find our averages in English, for example 15/20.

Our English teacher gives interrogation three times a week. The teacher rapidly marks our papers. Weak students don't work hard, so they **stay down**. But good students **work hard** and **revise** their lessons. That is why they always **go up**.
